Dear Patrick,

The Canadian Unitarians For Social Justice would like to announce its public support for your court challenge to the Supreme Court of Canada on the legality of our First-Past-The-Post voting system. Thank-you very much for taking this very important step in the battle to have a voting system where the majority of people have a vote that counts and that selects someone who is sympathetic to their values and vision for Canada.

Until Canada reforms its voting system, we will continue to have all-powerful governments with much less than 50% support taking unilateral action against the will of the majority. We need a much less combative and much more consultative and cooperative system of government.

We enclose a cheque of \$100 payable to Grey Casgrain as a symbol of support.

We would be pleased to have our name listed among your coalition of supporters as you go forward with this action. For that reason, in case you are using Logos in your listing, I am attaching our logo to the e-mail version of this letter.

In faith,

Rev. Frances Deverell,
President,
